(1) Net sales is annualized premium issued (gross premium that would be received during the policies' first year in force and assuming that none of the policies lapsed or terminated), net of cancellations in the first thirty days after issue, except in the case of our Direct to Consumer Division, where net sales is annualized premium issued at the time the first full premium is paid after any introductory offer period has expired. Management considers net sales to be a better indicator of the rate of premium growth as compared with annualized premium issued.
