(1) Net sales is calculated as annualized premium issued, net of cancellations in the first thirty days after issue, except in the case of Direct to Consumer, where net sales is annualized premium issued at the time the first full premium is paid after any introductory offer period (typically 1 month) has expired. Management considers net sales to be a better indicator of the rate of premium growth than annualized premium issued since annualized premium issued excludes cancellations, and cancellations do not contribute to premium income.
